

## Our Mission

...Is to help seniors live confidently and age gracefully in their own homes for as long as possible. We choose to make a positive difference in the lives of mature adults and their families who love them. The Aquamarine Personalised Home Care team will perform its collective duties with confidence, concern, commitment, cheerfulness and care. We will treat every contact as a friend, every client as family and perform every task with honour.

### “The Aquamarine Way”

- **Professionalism**—My clients see me as a true professional because I am always neatly presented and courteous.
- **Consistency**—I always follow the care plan with exactness and give each client the same high level of care they deserve.
- **Integrity**—I am always on time and my clients never question my honesty and reliability.
- **Compassion**—I always put my clients interests above my own.
- **Quality trained**—I always seek to update my knowledge & training that promotes confidence and professionalism with my clients and Aquamarine Personalised Home Care.
